

Term Contract No. 898A

STATE OF NORTH CAROLINA, DEPARTMENT OF ADMINISTRATION		
DIVISION OF PURCHASE AND CONTRACT		
116 West Jones Street, Raleigh, NC 27603-8002		
Term Contract	898A	Film, X-Ray, Chemicals, and Related Items
Effective Dates	February 15, 2006 through March 31, 2012	
Bid Number	501657	
Administrator	Marilyn Wall	
Phone	(919) 807-4529	
Fax	(919) 807-4509	
E-Mail	marilyn.wall@doa.nc.gov	
Last Updated	March 29, 2012	

1. General Information

The scope of this contract is limited to **X-Ray film, chemicals, cassettes, film processors and parts**. This contract is for use by all state agencies, departments, institutions, universities, community colleges (except those exempted by statute), and certain non-state agencies.

The pricing is listed by line items as brand specific and with generic products priced equal or below the brand specific products. The cost supplied is the North Carolina net pricing for the products.

2. Scope of Contract

The scope of this contract is limited to the items shown on the pricing schedule.

3. Taxes

Prices or Discounts shown herein do not include any North Carolina sales or use taxes.

4. Abnormal Quantities

Any agency requirement that exceeds \$25,000.00 to be forwarded to the Division of Purchase and Contract for processing. The Division, at its sole discretion, may process any such requirement in one of the following ways:

1. Purchase may be authorized at the current level of pricing with the current contract vendor(s)
2. Additional discounts from the current level of pricing may be negotiated with the current contract vendor(s)
3. A separate Invitation for Bids may be issued for the requirement

5. Minimum Orders

This contract will be for a minimum order of **\$100.00** for any single order. Agencies are authorized to purchase from best available sources on orders less than this minimum order value. This provision shall not be used by an agency to circumvent the intent of the contract. If an agency elects to place an order for less than the minimum order value, and the contractor elects to accept such order, then transportation charges will be prepaid and added to the invoice.

6. Placement of Orders

Orders will be placed throughout the contract period on an as-needed basis for the quantity required at the time, and will be issued directly to the respective contractor(s) or their designated suppliers. Contract changes, if any, over the life of the contract are implemented by contract addenda released by the Contract Administrator to the contractor. If the contractor is accepting orders and/or delivering through other parties, for example a manufacturer accepting orders and delivering through a dealer network or dealers receiving orders through a network of other dealers, then it is the responsibility of the contractor to apprise such parties of all such contract addenda.

7. Delivery:

Delivery Schedule	Blue Ridge	Source One
In Stock Items	Next Business day	5-7 Days
Back order items	3 Days	30-45 Days
Special order items	3-5 Days	30 Days

Emergency orders:

1. The contractor shall provide delivery **F.O.B. DESTINATION prepaid and add** for next day delivery of emergency orders. Emergency service often required by agencies requiring that orders be accepted during and after normal business hours, holidays and weekends with shipment immediately via next day service express freight. Contractor is to provide evidence of freight charges with invoice.

2. The Contractor will establish an emergency ordering procedure that the State facility can utilize to secure hospital and medical supplies by the most expeditious means available. The Contractor will provide a 24-hour a day, seven days a week, toll-free telephone number to be used to initiate an emergency order.

In the event the delivery is not received within the contract delivery period, the contractor may be held in default in accordance with paragraph 1, DEFAULT AND PERFORMANCE BOND in the North Carolina General Contract Terms and Conditions, and the state may procure the articles or services from other sources and hold the contractor responsible for excess cost occasioned thereby.

The successful bidder will complete the delivery within the indicated delivery times after receipt of purchase order.

In Stock Items:

The Contractor will provide a daily order and delivery schedule (Monday through Friday).
The ordering and delivery schedules are to provide late in the day order submission.

Delivery Refusals: The Contractor will at no time refuse to deliver to any facility without notification to the ordering facility and the contract administrator at the Division of Purchase and Contract.

Shipping Terms: The Contractor will deliver all routine scheduled order shipments FOB Destination freight (prepaid) only. The Contractor will maintain title and assume all risk of loss or damage to the items furnished until receipt and acceptance of the shipment by the ordering facility.

Special Handling: The Contractor will provide all legally required documentation and special handling/packaging for transport of hazardous materials from the Contractor to the using facility.

Unit Pricing for X-Ray Film: The State reserves the right to order all types of X-Ray Film in box or package units when a case lot size is not required. Case lot pricing shall apply for all X-Ray Film orders, even when an order is for less than a unit of a case, such as for a box or a package.

8. Contract Changes:

Contract changes, if any, over the life of the contract are implemented by contract addenda released by the Contract Administrator to the contractor. If the contractor is accepting orders and/or delivering through other parties, for example a manufacturer accepting orders and delivering through a dealer network or dealers receiving orders through a network of other dealers, then it is the responsibility of the contractor to apprise such parties of all such contract addenda.

9. Substitutions:

Substitutions are not permitted without prior written approval of this division. Failure of the contractor to comply with this requirement may result in the removal of the contractor from the contract.

10. Uniformity of Offer:

Any reduction of any fee or price established by the contract or the provision of any additional services above and beyond those established in the contract that is offered to any facility must immediately be offered to all North Carolina State Facilities. The contract is not a limitation of the Contractor's ability to offer special discounts for periodic high-volume and equipment purchases.

11. Product Recall:

In submitting this bid, bidder expressly assumes full responsibility for prompt notification of any product recall in accordance with the applicable state or federal regulations.

12. Contract prices:

Any price changes, downward or upward, which might be permitted during the contract period must be general, either by reason of market change or on the part of the contractor to other customers. Notification must be given to the issuing purchasing authority, in writing, concerning any proposed price adjustments. Such notification shall be accompanied by copy of manufacturer's official notice or other acceptable evidence that the change is general in nature.

Each contractor must maintain an electronic file documenting the Price List and the North Carolina Net price. This database/spreadsheet shall be used as a tool for monitoring model numbers, Price List and the State of North Carolina pricing during the life of the contract. If items are added, deleted, or features changed, the electronic file shall be updated and re-submitted electronically, via e-mail, to the contract administrator.

Successful contractors may reduce prices by:

- A. Allowing additional discounts from North Carolina net prices to agencies for large volume purchases.
- B. Special sales and/or promotions.
- C. Item price reduction.

13. Transportation Charges

All goods shall be delivered FOB DESTINATION when the "order value" is \$100.00 or more, when shipped to a single destination. Orders to a single destination that total less than this "order value" should be shipped prepaid, with transportation charges added to the invoice as a separate item. Transportation charges invoiced for orders equal to or more than this "order value" may be cause for removal of the contractor from the contract.

Note: If the contractor makes partial shipments of an order equal to or more than this "order value" to one destination, all shipments of the order shall be sent FOB DESTINATION with NO additional transportation charges added.

Note: All shipments should be inspected for damage immediately upon receipt.

Shipping Terms: The Contractor will maintain title and assume all risk of loss or damage to the items furnished until receipt and acceptance of the shipment by the ordering facility.

15. Price Lists and Catalogs

The successful contractor must furnish descriptive literature to any agency within seven (7) consecutive days after request of the agency. Failure to comply with these requirements may subject the contractor to removal from the contract.

16. Warranty

The contractor guarantees items offered to be free from any and all defects in material, packaging and workmanship and agrees to replace defective items promptly at no charge to the State, for a period of one year.

17. Inventory Management

- A. The Contractor will provide an inventory of contracted products sufficient to meet the needs of the State facilities from the beginning of the contracting period.
- B. In the event a distribution center is out of stock of a State-contracted product, The Contractor will supply the requested product by the most expeditious means possible.
- C. The Contractor will supply only products having a shelf life of greater than six months unless the unique properties of a particular product require shorter dating or upon the approval of the State facility.
- D. The Contractor's return goods policy will encompass the following:
 - 1. All returns must be picked up within five working days of notification by the State facility or at the next delivery, whichever is faster? Notification is defined as verbal notification, written notification or by electronic means.
 - 2. No restocking charges will be imposed on the return of wrong product, ordered in error and short dating orders.
 - 3. Recalled products: pickup will be within five working days from the date of notification or at the next delivery, whichever is sooner, or as specified in the recall notice.
 - 4. Defective products: pickup will be within five working days from notification of the defect or at the next delivery, whichever is sooner.
 - 5. Damaged products refused on receipt of delivery: the State facility will notify The Contractor of the damaged product. The Contractor will replace the damaged product within 24 hours, upon reorder by the State facility.
 - 6. All credits will be issued within 10 working days of the return of the goods. The State reserves the right to deduct from the invoice all credits that were not issued 10 working days after the return of the goods.
 - 7. Outdated Sensitized Goods; with prior approval, the successful bidder shall accept the return of outdated sensitized goods, provided the goods are returned in the original packages with seals unbroken and transportation charges prepaid.

Blue Ridge X-Ray	SourceOne
Will follow manufacturer's guidelines.	Returns and damaged goods picked up approximately 5 days. Locations serviced by commercial carriers may take longer.

18. Warranty and Repair Service:

Repair service will be initiated within 48 hours after notification by the end user or agency representative.

The products included herein will be ordered from various locations throughout the State of North Carolina. Contractor will be required to complete delivery within the delivery time specified and to have manufacturer authorized personnel capable of responding to onsite calls **within 48 hours** of problem notification. The contractor shall respond within this time frame with a plan of action or scheduled date to address the repair issue at the end user's site, if necessary.

This does not presuppose that every service call must result in an "on-site" visit. Contractor should utilize best efforts to resolve problems in a timely fashion through the use of acceptable servicing methods, to include but not be limited to, verbal problem analysis and remote diagnostics. This does not impose any additional duty on the State to make other than normal and good faith problem resolution efforts or expenditures of time.

Service Charges		
Labor/Hour At Manufacturer Or Dealer Facility	125.00	
Labor/Hour On Site At State Agency	125.00	
Mileage	125.00/Hr.	

Full Proportionate Benefits:

If lower prices, volume discounts, manufacturers' incentives, benefits or other contract terms determined to be advantageous to the State are offered by the awardee(s) on similar agreements with other states or political subdivisions, that same pricing structure or benefit must be extended to the existing comparable contract which that awardee may have in effect at the time with the State.

Price reductions announced by a manufacturer are to be applied at the time of the announcement for products that have not been delivered.

19. Contractors

All known minority, women and disabled owned businesses, as well as disabled business enterprises and nonprofit work centers for the blind and severely disabled, including dealers, will be identified with "Minority owned" "Woman owned", "Disabled Owned", "DBE" or "BSD" as appropriate after the vendor number. This is being done in an effort to recognize these businesses and to encourage and promote their use to the greatest extent permitted by law.

When more than one supplier is listed for a particular item, selection should be made, whenever possible, from any of the groups identified above, consistent with agency needs and price considerations.
